The prevailing opinion seems to be that there should be five or seven members of a school board. Not six.

A number of Ironton people contemplate making the boat trip to Tennessee river about the middle of June.

Overcoats and wraps were in demand Monday. In strange contrast with the weather of the week previous.

It doesn't look like the burned district, south of the REGISTER office, will have any new buildings this year.

Godfrey O'Neal was here from Franklay Saturday and bought Sheriff Marshall's black horse. It is a fine animal.

FOR RENT—The brick store house south of the courthouse square. Possession June 15th. Apply to Mrs. H. Barnhouse.

The machinery in the stove factory in north Ironton has been sold to some parties who will remove it over on the Belmont branch.

Quite a number of city visitors were in the Valley Sunday. It is said that several of them are prospective buyers of real estate.

It is said that the troops at the range were hurried back to Jefferson Barracks in order that they might participate in decoration day exercises.

Judge Ledbetter of Farmington and R. C. Tucker, Democratic nominee for Prosecuting Attorney of St. Francois county, were in Ironton Tuesday.

The greater portion of those attending court in Reynolds county this week from here went over on the train. A number drove over Sunday, however.

The pocketbook found in Pilot Knob and advertised in the last issue of this paper was lost by a boy who was peddling strawberries for the Lopez Store Company.

Eld. Emmanuel Gunnet of Glover, Mo., has resigned the care of the Baptist church at this place on account of bad health.—Loughboro Correspondent Farmington Times.

The fast mail train, south, and the morning passenger train north, due here at 7:27 came very near having a head-on collision at Williamsville Wednesday morning of last week. We are told that it was a close call.

Elmer Becker, a Pilot Knob boy who has been in the employ of the Boatmen's Bank, St. Louis, for the past three years, is spending a month's vacation at his old home.

The school board had a called meeting Saturday night and took several ballots without electing a principal for the schools. Adjournment was taken until next Saturday night.

About thirty people from here attended the Drummers' celebration at Poplar Bluff last week. They report a good time and are all loud in their praises of the Bluff's hospitality.

To Wm. Just of Pilot Knob we are indebted for as fine a head of lettuce as we ever saw. It weighed 1 3/4 lbs. and was excellent. Evidently the dry weather has not hurt Mr. Just's garden.

Mrs. Woodside has just received a nice line of shirt waist suits, skirts, shirt waists and new millinery, also a nice line of kimono and dressing gowns, which she offers at very low prices.

Dr. F. W. Trauernicht will leave next Monday for Springfield, Mo., to attend the meeting of the State Dental Society. He will return on Friday of next week. Parties desiring his services will govern themselves accordingly.

Sheriff Jordan of Reynolds county passed through here on the train Saturday night, having in charge Arthur Spauld, who he was taking from St. Louis to Centerville, where his trial will probably be had this week.

A car of shingles was received at this station last week on which the freight amounted to just a little less than \$300. They were all the way from the State of Washington. Red cedar, and said to be the best shingle made.

THE REGISTER is sorry to hear of the death of Miss Elsie McGlothlin, daughter of Mr. and Mrs. Jesse McGlothlin, which occurred at Annapolis Friday last. May He who doeth all things well sustain the heart-broken parents in their great sorrow.

Geo. Horn, who killed Constable Burns at Flat River last September, had his trial in the circuit court at Farmington last week and was found guilty of murder in the first degree. The people are going to put a stop to the killing habit in Southeast Missouri.

Miss Annabelle Gaines' Sunday school class was invited out to Mr. Gaines' Thursday for a picnic. We ate our dinner on an island in the lake and enjoyed ourselves very much. We thank Miss Annabelle for the nice time we had.

ONE OF THE CLASS.

A post-office inspector, who recently visited this city, gave it his opinion that the building at present used as a post-office in this city was wholly inadequate to the business demands of the office. Larger and more commodious quarters, he said, should be secured.

Fritz Kath, son of Mr. and Mrs. F. Kath of Pilot Knob, sailed from Europe last month, after spending a year in Paris. He has been connected with some amusement company that held forth at the World's Fair. He expects to spend this season at Coney Island, New York.

We have, by far, the greatest bargain of the season in ladies' and misses fine hats. We have just closed out from a jobber a large number of handsomely tailored hats, which, owing to the lateness of the season were bought at a sacrifice. The values are sensational. Call and inspect them. LOPEZ STORE CO.

Chas. T. Mason, son-in-law of Judge A. Blaine, who holds a responsible position with the railroad at Cleburne, Tex., was in a motor car accident at Mexico, Tex., a few days ago in which his leg was broken. The accident was due to Mr. Mason's car jumping the track. The Banner hopes for his speedy recovery.—Piedmont Banner.

In this issue of the REGISTER will be found the announcement of W. G. Fairchild as a candidate for Justice of the Peace of Arcadia Township subject to the action of the voters at the November election. The Squire has held this position a number of years and his record is well known to the people. He promises that if he is again honored he will always be found trying to discharge the duties of the office to the best of his ability.

It is the general opinion that our fellow townsman, Mr. A. F. Bond, the popular representative of the Norvell-Shapleigh Hardware Co., has magnificent grounds for a damage suit against the St. Louis Republic publishers for that picture they printed of him last Sunday in connection with the account of the drummers' celebration at Poplar Bluff. It was rank and in no way a faithful counterfeit presentation.

Mrs. W. Christ wishes to inform her friends and the public generally that she now has her bakery and confectionery open and ready for business. Fresh bread, pies and cakes of all kinds always on hand. Baked every day and guaranteed fresh and good. A first-class baker from St. Louis has charge of the oven and satisfaction is guaranteed. Remember the location. In the Barnhouse building on Main street, across the street south of I. O. O. F. Hall. Fruits and confectionery on hand.

The cases against Arthur Spauld and his mother, Mary E. Spauld, for the murder of Sheriff Polk in this county on May 25, 1905, were called in the Reynolds circuit court at Centerville Tuesday. The State announced ready as to Arthur Spauld, and the defense announced ready as to Mrs. Spauld. Nothing definite has been done up to Wednesday morning. It is probable, however, that both cases will be tried this term of court. Centerville is filled to overflowing with witnesses, attorneys and visitors, many being compelled to sleep in tents.

W. H. Blick, who was called over to relieve Station Agent Symon, when the latter was taken sick a couple of weeks ago, has given up the job and left last Wednesday. Since the railroad company has cut down the force at this station to one man, the freight man having been taken off recently, it is very hard for them to find a man who is able to handle the large amount of business that is transacted at this station. A young man by the name of Geo. Berg of De Soto now has charge of the office, and is trying to hold down the job by himself.—Doniphan Prospect-News.

A deed has just been placed on record in the office of Recorder Cook, which was executed in Germany and in the German language. The heirs of August Rompf, who died in this country, all live in Germany. Rompf left 160 acres of land, which was sold to Charles Prewitt. The deed was made through Dr. F. C. Reiloff, German Consul in St. Louis, who furnished the English translation of its contents. Under the law it was necessary to place on record both the original deed as well as the translation. Recorder Cook was in a dilemma as to how to get the German part on record until Rev. John Rothensteiner came to his rescue and kindly consented to do the writing for him. No other instance of a deed of this kind is to be found on our records.—Fredericktown Democrat-News.

The city served notice on Geo. W. Redden last Monday morning to stop work on the frame building he is erecting in the fire limits of the city and gave him five days to remove the same. The only attention George paid to the notice was to employ an attorney and to go on building his frame in the fire limits. It's the city's next move, but whether they will move or not is a question. If this fire limit ordinance is no good it should be repealed, but if it is legal, it should be enforced against all who attempt to violate it; we know of several cases where no attention was paid to this ordinance and nothing was said about it, if this ordinance is good, enforce it on all alike; if it is no good repeal it at once and pass something that will stand the test. Don't play favorites.—Fredericktown Democrat-News.

The circus season of 1906 will, according to those who ought to know see more of the old fashioned wagon shows throughout Minnesota, Iowa and Missouri than for many years. This will be due to the increased transportation rates. Last year the transportation of his show cost about \$150 daily, and this year the rate charged by the railroad is \$250 a day. All shows, large and small, have been affected by the rise, and as a result many companies have bought equipment and taken to the road. These shows make smaller jumps and save the immense cost in railroad transportation. The return to the early order of things is bringing many children of the present day face to face with the old-fashioned wagon shows of their fathers. Of course, the largest and best known circuses are still buying railroad transportation and will continue to do so, no matter what it costs.

Notice to District Clerks.

Among the blanks I sent out in March you will find a blank "District Clerk's Report to County Commissioner." Please make out this report and send it to me in due time, as I cannot make out my report to State Superintendent Carrington until all reports are received. Respectfully,
JNO. T. PATTERSON,
County Com'r,
Bellevue, Mo.
